

## **Transnet Freight Rail Issues Cautionary Regarding Used Rails**

**10 February 2009**

There have been various emails and letters circulated locally and internationally regarding the availability of used rails. The originator of these messages intimates that the rails have been obtained from Transnet Freight Rail. Whilst it has not been possible to trace the person or persons sending these messages Transnet Freight Rail wishes to announce that these messages are totally without substance and are untrue. Transnet Freight Rail only disposes of used rails and other scrap in terms of its official procurement policy.

Anyone who has information or evidence relating to the above rumours may contact Dinga Senamela on telephone 011 773-5027 during office hours.

**-ENDS-**

Issued by Transnet Freight Rail
