9 Specification/Scope of Work

1. Transnet Freight Rail has embarked on an office space optimization initiative, based on an open plan design philosophy for all office buildings. This initiative will be implemented over the next 3-years and nationally approximately 50 000m² of office space will be converted to open plan. The project entails the refurbishment of office buildings to an open plan environment and new open plan furniture.
2. One of the buildings identified for refurbishment is Transnet Park Building, Bellville – Cape Town.
3. Staff currently accommodated on the 2nd, 4th, 5th and 6th floor in Transnet Park Building need to be temporarily relocated to alternative office space within the building during the refurbishment project. Approximately 18 staff on 2nd floor in Transnet Park Building need to be relocated to 1st floor once it has been refurbished to ensure the appointed refurbishment contractor has empty floors in the building to continue with the commencement of the phased refurbishment project, hence relocate 18 staff from 1st floor back to 2nd floor once it has been completed.
4. Furthermore 18 staff need to be relocated from 5th floor to 2nd floor, relocate 10 staff from 4th floor to 5th floor once 5th floor has been completely refurbished. Lastly relocate 21 staff from 6th floor to 1st floor of the Transnet Park Building. Moreover, relocation of 38 staff from Belcon Building to Transnet Park, then 13 staff from Belcon Terminal Building back to the refurbished floor 4 at Belcon Buildings then internal relocation of 11 staff from ground floor Belcon Building.
5. Once these floors are completed, the staff will be relocated to refurbished floors with their personal belongings and filing and therefore all old office furniture and other equipment need to be relocated out of the building to the SCS Warehouse in Salt River.

The project duration is approximately 16 months and the staff and furniture will be relocated in a phased approach as and when required during this refurbishment period.
