1 Responses to RFQ

Responses to this RFQ [**Quotations**] must not include documents or reference relating to any other quotation or proposal. Any additional conditions must be embodied in an accompanying letter.

2 Broad-Based Black Economic Empowerment [B-BBEE]

Transnet fully endorses and supports the Government's Broad-Based Black Economic Empowerment Programme and it would therefore prefer to do business with local business enterprises who share these same values. Transnet will accordingly allow a "preference" to companies who provide a valid B-BBEE Verification Certificate. All procurement transactions will be evaluated accordingly.

2.1 B-BBEE Scorecard and Rating

As prescribed in terms of the Preferential Procurement Policy Framework Act (PPPFA), Act 5 of 2000 and its Regulations, Respondents are to note that the following preference point system is applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R1 000 000 (all applicable taxes included).
- Bidders are to note that if the 80/20 preference point system is stipulated in this RFP and all Bids received exceed R1 000 000.00, the RFP must be cancelled.

The value of this bid is estimated to be below R1000 000 (all applicable taxes included) and therefore the **80/20** system shall be applicable.

When Transnet invites prospective suppliers to submit Proposals for its various expenditure programmes, it requires Respondents to have their B-BBEE status verified in compliance with the Codes of Good Practice issued in terms of the Broad Based Black Economic Empowerment Act No. 53 of 2003.

The Department of Trade and Industry recently revised the Codes of Good Practice on 11 October 2013 [Government Gazette No. 36928]. The Revised Codes will replace the Black Economic

Empowerment Codes of Good Practice issued on 9 February 2007. The Revised Codes provide for a one year transitional period starting 11 October 2013. During the transitional period, companies may elect to be measured in terms of the Revised Codes or the 2007 version of the Codes. After the first year of the implementation of the Revised Codes, B-BBEE compliance will be measured in terms of the Revised Codes without any discretion. Companies which are governed by Sector-specific Codes will be measured in terms of those Sector Codes.

As such, Transnet will accept B-BBEE certificates issued based on the Revised Codes. Transnet will also continue to accept B-BBEE certificates issued in terms of the 2007 version of the Codes provided it was issued before 10 October 2014. Thereafter, Transnet will only accept B-BBEE certificates issued based on the Revised Codes.

Respondents are required to complete Annexure A [the B-BBEE Preference Point Claim Form] and submit it together with proof of their B-BBEE Status as stipulated in the Claim Form in order to obtain preference points for their B-BBEE status.

Note: Failure to submit a valid and original B-BBEE certificate or a certified copy thereof at the Closing Date of this RFQ will result in a score of zero being allocated for B-BBEE.

RFQ NUMBER- CRAC-JHB-16091

FOR THE PROVISION: THE APPOINTMENT OF THE PROVIDER TO CONDUCT THE REHABILITATION OF DIESEL CONTAMINATED SOIL AND GROUNDWATER AT THE SASOLBURG DIESEL DEPOT WITHIN A PERIOD OF TWO (2) MONTHS

TENDER SPECIFICATIONS

1. PURPOSE OF THE CONTRACT

- 1.1 The purpose of the contract is for the contractor to rehabilitate a piece of land contaminated with diesel and contaminated groundwater in one of Transnet Freight Rail Diesel Depots at Sasol burg.
- 1.2 The incumbent Environmental Service Provider will be required to comply with the specific requirements of the Waste Act (act 59 of 2008) and any other applicable legal requirements when doing such remediation.
- 1.3 The incumbent Environmental Service Provider will be required to comply with the Remediation and Operational Management Plan DEA Ref No: 12/9/11/L904/3 that was developed after the assessment of the site.

2. BACKGROUND

There have been several diesel spillages occurring at the Sasolburg Diesel Depot in the bulk storage tank area due to faulty meter gauges, and as a result, the diesel spilled over time and resulted in contamination of soil and water. In response to contamination, Transnet Freight Rail commissioned Environmental Assessment Studies at the Sasolburg Diesel Depot in order to determine the levels of historical contamination. Before clean-up of hydrocarbon pollution at the Sasolburg yard can commence, compliance with the requirements of Section 19 of the National Environmental Management Waste Act No 59 of 2008 and the acquisition of a waste license was required. **This was done before promulgation of Part 8 of the Waste Act.**

In terms of the National Environmental Management Waste Act (NEMWA) (Act No. 59 of 2008), a Waste License Application is required for the Remediation of Contaminated Land. A Basic Assessment process to obtain a Waste License for this proposed activity was undertaken. This Environmental Management Plan was compiled in fulfilment of the requirements for the compilation for Basic Assessment Reports.

The principal contractor is responsible for implementation and compliance with the requirements of the EMP and relevant environmental legislation. This EMP will be made available to the appointed contractor.

3. DISCUSSION

- 3.1 It is in line with Transnet Freight Rail's corporate governance that municipalities, community leaders and the public are consulted before remediation could commence.

4 SCOPE OF WORK FOR THE CONTRACTOR (As stipulated in the EMP)

- 4.1 It will be the contractor's responsibility to make provision for the collection and disposal of contaminated soils and water during rehabilitation.
- 4.2 The subsoil drain should be dug at least 0.5m wide but no wider than 1m. The depth should be approximately 2m. The sump should be approximately 1m in diameter with a depth of approximately 2.5m.
- 4.3 After the installation of the subsoil drain and sump, the contaminated surface soil should be excavated to a maximum depth of 0.3 m (in the area to be concreted only), and disposed of legally at a registered hazardous waste site. Excavation should take place without damaging the subsoil drain and sump already in place. Once the contaminated soils have been excavated, construction the new concrete slab may commence.
- 4.4 A dewatering (skimmer) pump in the sump then needs to be installed, that should discharge to an on-site oil/water separator. The effluent can be released into the nearest sewer point, provided that the necessary approval has been obtained from the local authority. In the beginning the pump must operate on a 24/7 basis, but will be fitted with a level switch to switch on the pump when the water table has risen above a certain level and will switch off once the water table has dropped below a certain level.
- 4.5 The sump will need to be inspected on a regular basis (i.e. weekly in the beginning), with a reduction in frequency over time, i.e. monthly, bi-monthly, six-monthly, annually. The pump cycles may also be reduced from 24/7 to once a day to once a week for example.
- 4.6 Where possible, a signed document from the supplier of the fill materials should be obtained confirming that they have been obtained in a sustainable manner and in compliance with the relevant legislation.
- 4.7 Where materials are borrowed (mined) proof must be provided of authorisation to utilise these materials from the landowner / mineral rights owner and the Department of Mineral Resources.
- 4.8 The volume of hazardous waste temporarily stored in bags or containers on site may not exceed 35m³ at any one time.
- 4.9 Hazardous storage and refuelling areas must be bunded with an impermeable liner to protect groundwater quality. The Contractor shall submit a method statement to the Engineer for approval. The containment capacity shall be equal to the full amount of material stored. Drainage from containment bunds shall be controlled by single and tightly fitting timber bungs that should be hammered into outlets. Containment bunds shall be drained after inspection by the Site Supervisory personnel. Fuel tanks must meet relevant specifications and be elevated so that leaks may be easily detected. Storage areas containing hazardous substances / materials must be clearly signed.

- 4.10 The Contractor shall ensure that any delivery drivers are informed of all procedures and restrictions to comply with the Specifications. The Contractor shall ensure that these delivery drivers are supervised during off loading, by someone with an adequate understanding of the requirements of the Specifications.
- 4.11 The Contractor shall ensure that all litter is collected from the work areas daily.
- 4.12 All construction wastes and construction materials should be removed from site at the end or the remediation phase. All wastes should be disposed of at registered landfill sites.
- 4.13 The area that previously housed the Construction Camp is to be checked for spills of substances such as oil, paint and fuels, etc. and these should be cleaned up.
- 4.14 Contractors' activities and movement of staff to be restricted to designated construction areas.
- 4.15 Should the construction staff be approached by members of the public or other stakeholders, they should assist them in locating the Engineer or Contractor, or provide a number on which they may contact the Engineer or Contractor.
- 4.16 The conduct of the construction staff when dealing with the public or stakeholders shall be in a manner that is polite and courteous at all times. Failure to adhere to this requirement may result in the removal of staff from the site by the Engineer.

5. DURATION OF THE CONTRACT

- 5.1 The Remediation process is estimated to run for 2 months, thereafter a report is required within 10 days upon completion of remediation process.

6. TERMINATION OF CONTRACT

- 6.1 Transnet shall have the right to terminate the above contract on grounds of non-performance, or unsatisfactory performance on the part of the consultant in the execution of this project.
- 6.2 Termination shall take place only after thorough consideration and due notification of grounds being provided by the Environmental Manager in writing, with a notice period of five (5) working days.
- 6.3 The successful Service Provider will be required to enter into a performance contract with Transnet Freight Rail.

7. INSTRUCTION TO THE APPOINTED CONTRACTOR

- 7.1 The prospective Service provider must provide separate quotes for individual groups as in 5.1.
- 7.2 The contractor and his team must undergo induction training before starting on site given by Transnet Freight Rail.

8. QUALIFICATION, RESOURCES AND EXPERIENCE OF THE POTENTIAL SERVICE PROVIDERS

- 8.1 The contract envisaged under this tender will be awarded to a contractor who has proven experience in the field of environmental assessment and remediation of contaminated land, and applicable references for the same work completed.
- 8.2 Given the extensive nature of the work required under this contract, prospective service providers shall opt to tender for selected sites or for entire sites as in 5.1 above.
- 9.4 Incumbent service provider/s shall attach full particulars of their experience, quoting specific references and contact numbers. Transnet shall have the right to make contact with referenced clients to verify the nature and quality of the service provided.
- 9.5 Given the responsible nature of the work envisaged under this contract, Transnet reserves the right to award the tender to a contractor of choice, with due regard for a favourable balance between the cost of services, resources available and experience in the Environmental Remediation.
- 9.6 The lowest bid may therefore not necessarily be accepted and no reasons for acceptance or non-acceptance of any quotation will be given.

10. PRISING AND ADJUDICATION METHODOLOGY

- 10.1 Prices shall be deemed inclusive of all costs required to produce the deliverables specified, whether specifically itemized and priced or not.
- 10.2 Disbursements and fees will be payable on an actual basis per activity, subject to the maximum tendered. The estimated quantity tendered (e.g. number of hours or kilometers) may only be exceeded with prior approval by Transnet Freight Rail.

Any disqualification [**Blacklisting**] imposed upon any person or enterprise or company, may also apply to any other enterprise under the same or different names of disqualified persons or enterprise or company [or associates thereof] and may also be applied to any agent or employee of the person or enterprise or company concerned.

CURRENCY

All monetary amounts referred to in a Bid response must be in Rand, the currency of the Republic of South Africa [**ZAR**], save to the extent specifically permitted in the RFX.

PRICES SUBJECT TO CONFIRMATION

Prices which are quoted subject to confirmation will not be considered.

Firm prices quoted for the duration of any resulting order and/or contract will receive precedence over prices which are subject to fluctuation if this is in Transnet's best interests.

ALTERATIONS MADE BY THE RESPONDENT TO BID PRICES

All alterations made by the Respondent to its Bid price(s) prior to the submission of its Bid Documents must be done by deleting the incorrect figures and words where required and by inserting the correct figures and words against the items concerned. All such alterations must be initialled by the person who signs the Bid Documents. Failure to observe this requirement may result in the particular item(s) concerned being excluded in the matter of the award of the business.

EXCHANGE AND REMITTANCE

The Respondent should note that where the whole or a portion of the contract or order value is to be remitted overseas, Transnet shall, if requested to do so by the Service Provider, effect payment overseas directly to the foreign principal of such percentage of the contract or order value as may be stipulated by the Respondent in its Bid Documents.

It is Transnet's preference to enter into Rand-based agreements. Transnet would request, therefore, that the Respondent give favourable consideration to obtaining forward exchange cover on the foreign currency portion of the Agreement at a cost that is acceptable to Transnet to protect itself against any currency rate fluctuation risks for the duration of any resulting contract or order.

The Respondent who desires to avail itself of the aforementioned facility must at the time of bidding furnish the information called for in the *Exchange and Remittance* section of the Bid Documents and also furnish full details of the principals to whom payment is to be made.

The South African Reserve Bank's approval is required before any foreign currency payments can be made to or on behalf of Respondents.

Transnet will not recognise any claim for adjustment of the order and/or contract price if the increase in price arises after the date on which agreement on an overall Rand contract has been reached.

- 16.6 Transnet reserves the right to request a pro-forma invoice/tax invoice in order to ensure compliance with the contract and Value-Added Tax Act no. 89 of 1991 [VAT Act].

ACCEPTANCE OF BID

Transnet does not bind itself to accept the lowest priced or any Bid.

Transnet reserves the right to accept any Bid in whole or in part.

Upon the acceptance of a Bid by Transnet, the parties shall be bound by these General Bid Conditions and any contractual terms and/or any schedule of "Special Conditions" or otherwise which form part of the Bid Documents.

Where the Respondent has been informed by Transnet per fax message or email of the acceptance of its Bid, the acknowledgement of receipt transmitted shall be regarded as proof of delivery to the Respondent.

NOTICE TO UNSUCCESSFUL RESPONDENTS

Unsuccessful Respondents shall be advised in writing that their Bids have not been accepted as soon as possible after the closing date of the Bid. On award of business to the successful Respondent all unsuccessful Respondents shall be informed of the name of the successful Respondent and of the reason as to why their Bids have not been successful.

TERMS AND CONDITIONS OF CONTRACT

The Service Provider shall adhere to the Terms and Conditions of Contract issued with the Bid Documents, together with any schedule of "Special Conditions" or otherwise which form part of the Bid Documents.

Should the Respondent find any conditions unacceptable, it should indicate which conditions are unacceptable and offer amendments/ alternatives by written submission on its company letterhead. Any such submission shall be subject to review by Transnet's Legal Counsel who shall determine whether the proposed amendments/ alternative(s) are acceptable or otherwise, as the case may be.

CONTRACT DOCUMENTS

The contract documents will comprise these General Bid Conditions, the Terms and Conditions of Contract and any schedule of "Special Conditions" which form part of the Bid Documents.

The abovementioned documents together with the Respondent's Bid response will constitute the contract between the parties upon receipt by the Respondent of Transnet's letter of award / intent, subject to all additional amendments and/or special conditions thereto as agreed to by the parties.

Should Transnet inform the Respondent that a formal contract will be signed, the abovementioned documents together with the Respondent's Bid response [and, if any, its covering letter and any subsequent exchange of correspondence] as well as Transnet's Letter of Acceptance/Intent, shall constitute a binding contract until the final contract is signed.

LAW GOVERNING CONTRACT

The law of the Republic of South Africa shall govern the contract created by the acceptance of a Bid. The *domicilium citandi et executandi* shall be a place in the Republic of South Africa to be specified by the Respondent in its Bid at which all legal documents may be served on the Respondent who shall agree to

submit to the jurisdiction of the courts of the Republic of South Africa. A foreign Respondent shall, therefore, state in its Bid the name of its authorised representative in the Republic of South Africa who is empowered to sign any contract which may be entered into in the event of its Bid being accepted and to act on its behalf in all matters relating to the contract.

IDENTIFICATION

If the Respondent is a company, the full names of the directors shall be stated in the Bid. If the Respondent is a close corporation, the full names of the members shall be stated in the Bid. If the Respondent is a partnership or an individual trading under a trade name, the full names of the partners or of such individual, as the case may be, shall be furnished.

CONTRACTUAL SECURITIES

The successful Respondent, when called upon to do so, shall provide security to the satisfaction of Transnet for the due fulfilment of a contract or order. Such security shall be in the form of an advanced payment guarantee [APG] and/or a performance bond [Performance Bond], as the case may be, to be furnished by an approved bank, building society, insurance or guarantee corporation carrying on business in South Africa.

The security may be applied in whole or part at the discretion of Transnet to make good any loss or damage which Transnet may incur in consequence of a breach of the contract or any part thereof.

Such security, if required, shall be an amount which will be stipulated in the Bid Documents.

The successful Respondent shall be required to submit to Transnet or Transnet's designated official the specified security document(s) within 30 [thirty] Days from the date of signature of the contract. Failure to return the securities within the prescribed time shall, save where prior extension has been granted, entitle Transnet without notice to the Service Provider to cancel the contract with immediate effect.

Additional costs incurred by Transnet necessitated by reason of default on the part of the Service Provider in relation to the conditions of this clause 0 will be for the account of the Service Provider.

DELETION OF ITEMS TO BE EXCLUDED FROM BID

The Respondent must delete items for which it does not wish to tender.

VALUE-ADDED TAX

In respect of local Services, i.e. Services to be rendered in the Republic of South Africa, the prices quoted by the Respondent are to be exclusive of VAT which must be shown separately at the standard rate on the Tax Invoice.

In respect of foreign Services rendered:

the invoicing by a South African Service Provider on behalf of its foreign principal rendering such Service represents a Service rendered by the principal; and

the Service Provider's Tax Invoice(s) for the local portion only [i.e. the "commission" for the Services rendered locally] must show the VAT separately.

IMPORTANT NOTICE TO RESPONDENTS REGARDING PAYMENT

Method of Payment

The attention of the Respondent is directed to the Terms and Conditions of

Contract which set out the conditions of payment on which Bid price(s) shall be based.

However, in addition to the foregoing the Respondent is invited to submit offers based on alternative methods of payment and/or financing proposals.

The Respondent is required to give full particulars of the terms that will be applicable to its alternative offer(s) and the financial merits thereof will be evaluated and taken into consideration when the Bid is adjudicated.

The Respondent must, therefore, in the first instance, tender strictly in accordance with clause 00 above. Failure to comply with clause 00 above may preclude a bid from further consideration.

NOTE: The successful Respondent [the **Service Provider**], where applicable, shall be required to furnish a guarantee covering any advance payments, as set out in clause 0 above [*Contractual Securities*].

Conditional Discount

Respondents offering prices which are subject to a conditional discount applicable for payment within a specific period are to note that the conditional period will be calculated from the date of receipt by Transnet of the Service Provider's month-end statement reflecting the relevant Tax Invoice(s) for payment purposes, provided the conditions of the order or contract have been fulfilled and the Tax Invoice is correct in all respects in terms of the contract or order. Incomplete and/or incorrect Tax Invoices shall be returned and the conditional discount period will be recalculated from the date of receipt of the correct documentation.

DELIVERY REQUIREMENTS

Period Contract

It will be a condition of any resulting contract/order that the delivery period embodied therein will be governed by the provisions of the Terms and Conditions of Contract.

Progress Reports

The Service Provider may be required to submit periodical progress reports with regard to the delivery of the Services.

Emergency Demands as and when required

If, due to unforeseen circumstances, the rendering of the Services covered by the Bid are required at short notice for immediate delivery, the Service Provider will be given first right of refusal for such business. If it is unable to meet the desired critical delivery period, Transnet reserves the right to purchase such services as may be required to meet the emergency outside the contract if immediate delivery can be offered from any other source. The "*Total or Partial Failure to Perform the Scope of Services*" section in the Terms and Conditions of Contract will not be applicable in these circumstances.

SPECIFICATIONS AND COPYRIGHT

Specifications

The Respondent should note that, unless notified to the contrary by Transnet or a designated official by means of an official amendment to the Bid Documents, it is required to tender for the Services strictly in accordance with the specifications supplied by Transnet.

Copyright

Copyright in plans, drawings, diagrams, specifications and documents compiled by the Service Provider for the purpose of contract work shall be governed by the *Intellectual Property Rights* section in the Terms and Conditions of Contract.

BIDS BY OR ON BEHALF OF FOREIGN RESPONDENTS

Bids submitted by foreign principals may be forwarded directly by the principals or by its South African representative or agent to the Secretary of the Acquisition Council or to a designated official of Transnet according to whichever officer is specified in the Bid Documents.

In the case of a representative or agent, written proof must be submitted to the effect that such representative or agent has been duly authorised to act in that capacity by the principal. Failure to submit such authorisation by the representative or agent shall disqualify the Bid.

When legally authorised to prepare and submit Bids on behalf of their principals not domiciled in the Republic of South Africa, representatives or agents must compile the Bids in the names of such principals and sign them on behalf of the latter.

South African representatives or agents of a successful foreign Respondent must when so required enter into a formal contract in the name of their principals and must sign such contract on behalf of the latter. In every such case a legal Power of Attorney from their principals must be furnished to Transnet by the South African representative or agents authorising them to enter into and sign such contract.

Such Power of Attorney must comply with Rule 63 [Authentication of documents executed outside the Republic for use within the Republic] of the Uniform Rules of Court: Rules regulating the conduct of the proceedings of the several provincial and local divisions of the Supreme Court of South Africa.

The Power of Attorney must be signed by the principal under the same title as used in the Bid Documents.

If a Power of Attorney held by the South African representative or agent includes matters of a general nature besides provision for the entering into and signing of a contract with Transnet, a certified copy thereof should be furnished.

The Power of Attorney must authorise the South African representative or agent to choose the *domicilium citandi et executandi* as provided for in the Terms and Conditions of Contract.

If payment is to be made in South Africa, the foreign Service Provider [i.e. the principal, or its South African agent or representative], must notify Transnet in writing whether, for payment by electronic funds transfer [EFT]:

funds are to be transferred to the credit of the foreign Service Provider's account at a bank in South Africa, in which case the name and branch of such bank shall be furnished; or

funds are to be transferred to the credit of its South African agent or representative, in which case the name and branch of such bank shall be furnished.

CONFLICT WITH BID DOCUMENT

Should a conflict arise between these General Bid Conditions and the Bid Document issued, the conditions stated in the Bid Document shall prevail.
