1 Responses to RFQ

Responses to this RFQ must not include documents or reference relating to any other quotation or proposal. Any additional conditions must be embodied in an accompanying letter.

2 Broad-Based Black Economic Empowerment [B-BBEE]

Transnet fully endorses and supports the Government's Broad-Based Black Economic Empowerment Programme and it would therefore prefer to do business with local business enterprises who share these same values. Transnet will accordingly allow a "preference" to companies who provide a B-BBEE Verification Certificate. All procurement transactions will be evaluated accordingly.

2.1 B-BBEE Scorecard and Rating

As prescribed in terms of the Preferential Procurement Policy Framework Act (PPPFA), Act 5 of 2000 and its Regulations, Respondents are to note the following:

Proposals will be evaluated on price which will be allocated 90 points and preference which will be allocated 10 points, dependent on the value of the Services

- The 90/10 preference point system applies where acquisition of the Services will exceed R1 000 000.00
- If the 90/10 preference point system is stipulated and all Bids received are equal to or below R1 000 000.00, the RFQ will be cancelled.
- In this RFQ, Transnet will apply **90/10** preference point system prescribed in the PPPFA.

In compliance with the Government Gazette No 34612, Notice No. 754 dated 23 September 2011, as from 1 October 2011 valid B-BBEE Verification Certificates must be issued by:

- a) Verification Agencies accredited by the South African National Accreditation System [SANAS]; or
- b) Registered Auditors approved by the Independent Regulatory Board of Auditors [IRBA], in accordance with the approval granted by the Department of Trade and Industry.

Enterprises will be rated by such agencies based on the following:

- c) **Large Enterprises** [i.e. annual turnover greater than R35 million]:
- Rating level based on all seven elements of the B-BBEE scorecard
- d) **Qualifying Small Enterprises – QSE** [i.e. annual turnover between R5 million and R35 million]:
- Rating based on any four of the elements of the B-BBEE scorecard
- e) **Exempted Micro Enterprises – EME** [i.e. annual turnover less than R5 million]:

In accordance with B-BBEE Codes of Good Practice [Statement 000, Section 4], any enterprise with an annual total revenue of R 5 million or less qualifies as an EME.

- Automatic rating of B-BBEE Level 4 irrespective of race or ownership
- Black ownership greater than 50% or Black Women ownership greater than 50% automatically qualify as B-BBEE Level 3

Sufficient evidence to qualify as an EME would be a certificate (which may be in the form of a letter) from an auditor or accounting officer or a certificate from a Verification Agency accredited by SANAS. The certificate must confirm the company's turnover, black ownership / black female ownership and B-BBEE status level.

Respondents are required to furnish proof of the above to Transnet. [i.e. a detailed scorecard as stipulated above in respect of Large Enterprises and QSEs, or a certificate in respect of EMEs].

Transnet will accordingly allocate a maximum of **10 [ten] points** in accordance with the **90/10** preference point system prescribed in the Preferential Procurement Policy Framework Act (PPPFA), Act 5 of 2000 and its Regulations to the Respondent's final score based on an entity's B-BBEE scorecard rating. [Refer Annexure 1 for further details].

N.B. Failure to submit a B-BBEE certificate, which is valid as at the Closing Date of this RFP, will result in a score of zero being allocated for B-BBEE.

[Refer Section 4, Vendor Application Form, for Returnable Documents required]

- A11.3 The amounts to be added to or subtracted from the monthly payment certificates shall be calculated by multiplying the amount certified for payment for that month (but excluding amounts not subject to price adjustment) by the contract price adjustment factor for that month.

Adjustment to measurements of previous months' quantities will be included in calculation of the amount certified for payment and will therefore be subject to the price adjustment factor of the current measurement month.

- A11.4 Any additions to or deductions from the amount payable, brought about by the application of the contract price adjustment factor, shall be deemed to have made full allowance for all increases or decreases in cost from any cause whatsoever, including all overhead costs as well as any increases and decreases therein, and profit.

B2.1.2. CONTROL DEFINED FOR THE CONTROL OF OBSTRUCTING VEGETATION ON THE CUTTINGS AND ON THE TUNNEL FACES

Control is achieved when all existing or potential growth of vegetation does not exceed a maximum height of 500mm (See Part D: Diagram D3 and D4).

- The constituent parts of all obstructing vegetation occurring within the area of treatment cease to exceed 500mm in height.
- Obstructing vegetation is calculated from the ground to 3 meters above the height of the mast structure.
- The constituent parts of all obstructing vegetation (dead or alive) cease to exceed 500mm in height for the total duration of the contract.
- There are no dead or dry remains of any vegetation within the treated area, which may constitute a hazard, danger, or hindrance to Transnet personnel, equipment trucks or operations.

~~B2.1.3 CONTROL DEFINED FOR THE CONTROL OF OBSTRUCTING VEGETATION AT MAST POLES~~

~~Control is achieved when all existing or potential growth of vegetation does not exceed a maximum height of 300mm~~

- ~~• The constituent parts of all obstructing vegetation occurring within the area of treatment cease to exceed 300mm in height.~~
- ~~• Obstructing vegetation at mast poles is calculated from toe of the ballast to behind the mast pole (3m)~~
- ~~• The constituent parts of all obstructing vegetation (dead or alive) cease to exceed 300mm in height for the total duration of the contract.~~

B2.1.4 CONTROL AT LEVEL CROSSINGS

Control is achieved when all existing or potential growth of vegetation is cut to a maximum height of 300mm.

- The constituent parts of all plants occurring within the area of treatment cease to exceed 300mm in height.
- The constituent parts of all plants (dead or alive) cease to exceed 300mm in height for the total duration of the contract.
- There are no dead or dry remains of any vegetation within the treated area, which may constitute a hazard, danger, or hindrance to Transnet personnel, equipment trucks or operations.

Control constitutes a process or situation where control as defined occurs on an *on-going* basis and not only at the time of measurement and payment inspections.

B2.2 CLEAN LEVEL CROSSING

B2.2.1 The successful control of vegetation at a railway level crossing, giving motorists a clear vision to the left and right of the railway line for possible approaching rail traffic when stationed at stop/yield sign (See Part D 1: Diagram D3).

B2.2.2 Level Crossings where control is required may be irregular in shape and will normally be measured per crossing as per sketch.

For inspection and payment purposes, any growth taller than 300mm in any one of the level crossing quadrants of a level crossing shall result in that/those level crossing section/s being rejected.

B2.3 Level Crossing Quadrant

A level crossing consists out of four quadrants. The number of quadrants per level crossing to be treated can differ and is as per schedule of quantity (See Part D: Diagram D3).

B2.4 Level Crossing Section

A level crossing section is the level crossing quadrants to be treated that are on the same side of the railway line (See Part D: Diagram D3). A level crossing section can consist of one or two level crossing quadrants as specified in the Schedule of Quantities.

B3. METHOD OF VEGETATION CONTROL

B3.1 The Respondent's methods and program shall provide rapid and effective control in all areas, but particularly building surrounds, staked cable routes, level crossings, shunting yards and approaches to stations. Techniques and programming employed shall therefore be directed at this aim. The Respondent shall carry out immediate treatment of growth in all instances where rapid and effective control is not achieved during any period of the contract.

B3.2 The methods to be employed are as specified by the Respondent per Part A and are subject to the approval of, and monitoring by the Transnet Representative.

B3.3 The Respondent is to ensure that there will be no plants or any means of vegetation higher than 300mm at any of the level crossings, within 120 calendar days from commencement of the contract through to the completion date of the contract.

B3.4 Burning will not be allowed under any circumstances as a means of control. The making of fires on site is also strictly prohibited.

B3.5 Any deviation from the method of work submitted as per clause A16.7 by the Respondent shall be subject to the approval of the Transnet Representative.

B3.6 EXISTING VEGETATION

The Respondent shall not damage existing indigenous vegetation that is not threatening to the normal operation of on-track machinery and vehicles and he/she shall be held responsible for the full reinstatement thereof should avoidable damage of any nature occur.

B3.7 DISPOSAL OF VEGETATIVE MATERIAL

Further to clause B2.1.1 of this specification, the Respondent at no additional cost shall remove all vegetative matter resulting from the cutting and eradication of declared weeds and declared plant invaders (trees and shrubs), from all the cuttings. The Respondent is to ensure that no vegetative matter is deposited into open lined concrete channels and culvert inlets and outlets. No disposal of vegetative matter may be done on adjacent lands.

Suitable areas and/or methods will be agreed to with the Transnet Representative on site prior to disposal of cut material.

Vegetative matter to be removed from cuttings is not allowed to take place across the railway lines without the necessary protection in place, and agreed to by the Transnet Representative.

Control constitutes a process or situation where control as defined occurs on an *on-going basis* and not only at the time of measurement and payment inspections.

B2.2 WORKLOTS

B.2.2.1 A WORKLOT is a subdivision of an area on which the Respondent shall control vegetation. The number of worklots within any area to be treated is calculated by dividing the total surface area by the surface area of a single worklot i.e. 250 square metres.

Worklots will normally be measured parallel to the main direction of the trackwork present, or parallel to the main axis of any other area. Worklots will not be measured individually in different directions but will form part of a pattern of continuous and parallel worklots covering, in the most effective manner possible, the surface of any particular area.

- B2.2.2 A provisional worklot is any area or combination of areas that is not necessarily intended to be controlled annually.

However, if any provisional worklot has been sprayed under this contract the previous year and the same worklot is again sprayed the next year, payment for the second and consecutive years sprayed would be at the normal rate applicable for that area and the work would be considered as additional work to the Bill of Quantities.

- B2.3 Spraying means the even and uniform application of chemical herbicides at the rate specified and applies to liquid, granular or any other formulation.

B3. METHOD OF VEGETATION CONTROL

- B3.1 The Respondent's methods and program shall provide rapid and effective control at all treated areas. Techniques, programming and chemicals employed shall therefore be directed at this aim. The Respondent shall carry out immediate treatment of growth in all instances where rapid and effective control is not achieved during any period of the contract.

- B3.2 The Respondent is to ensure that there will be no plants or any means of vegetation deviating from the standard as described in clause B2.1 and B4.1 within **120 calendar days** from commencement of the contract through to the completion date of the contract.

- B3.3 The Respondent shall not damage existing indigenous vegetation that is not threatening to the normal operation of on-track machinery and vehicles and he/she shall be held responsible for the full reinstatement thereof should avoidable damage of any nature occur.

- B3.3 The type of herbicides and the methods of application to be employed are as specified by the Respondent per Part A and are subject to the approval of, and monitoring by the Transnet Representative.

Application methods shall, however, be entirely in accordance with the manufacturer's specifications and recommendations for safe and effective use of the herbicides or herbicide mixtures concerned.

B3.4 DISPOSAL OF VEGETATIVE MATERIAL

The Respondent at no additional cost shall remove all vegetative matter resulting from the cutting and eradication of obstructing vegetation, declared weeds, and declared plant invaders, from all the cuttings. The Respondent is to ensure that no vegetative matter is deposited into open lined concrete channels and culvert inlets and outlets. No disposal of vegetative matter may be done on adjacent lands.

Suitable areas and/or methods will be agreed to with the Transnet Representative on site prior to disposal of cut material.

Vegetative matter to be removed is not allowed to take place across the railway lines without the necessary protection in place, and agreed to by the Transnet Representative.

B4. STANDARDS OF WORKMANSHIP

B4.1 Vegetation control shall be such that there be no dry or dead remains of vegetation within the areas of control greater than 500mm in height that it constitutes a hazard, hindrance or danger to Transnet Freight Rail operations.

The evaluation to what density of dry or dead growth constitutes a hazard, hindrance or obstruction shall be made by the Transnet Representative.

Suitable areas and/or methods will be agreed to with the Transnet Representative on site prior to disposal of cut material.

B4.2 For this contract, the Respondent should timeously acquaint him/herself with the existing conditions of the sites and ensure that his/her tender prices, includes all work necessary to achieve the required control.

B4.3. OVERALL CONTROL**B4.3.1.**

The overall standard of control to be achieved by the Respondent over the contract area, defined as "Overall Control" and expressed as a percentage, will be determined by application of the following formula;

$$\text{Overall Control} = \frac{(\text{Worklots treated} - \text{Worklots rejected})}{\text{Worklots treated}} \times 100$$

The standard of "Overall Control" to be provided on each district by the Respondent shall be :

YEAR	1	2
Minimum % of the total work which shall comply with the standard of control for individual work-lots.	80	90

B4.3.2 Failure by the Respondent to achieve the standard of "Overall Control" shall constitute a material breach of contract by the Respondent which will entitle the Executive Officer to act in terms of clause 33 of the General Conditions of Contract for Maintenance Works. E5(MW).

B5. PROGRAMME OF WORK

B5.1 The Respondent shall undertake the planning and programming of the entire vegetation control operation and shall submit to the Transnet Representative for approval full particulars thereof within 2 weeks from the date of notification by Transnet Freight Rail of the acceptance of his/her tender. This programme will be within the initial operational period allowed as per clause B3.2.

B5.2 The particulars to be provided in respect of the Respondent's vegetation program shall include but not be limited to the following:

- ◆ An assessment based on a proper site investigation of the types of vegetation to be controlled in the contract area.
- ◆ The appropriate methods and procedures to be implemented by him/her to achieve the standards of vegetation control required in terms of the contract.

B5.3 The Respondent shall conduct regular site investigations and monitoring procedures for the purpose of:

- ◆ ascertaining the existing vegetation and factors that could influence the work;
- ◆ monitoring the standard of vegetation control achieved;
- ◆ identifying any damage or hazards which may have been caused by the vegetation control operation, and
- ◆ planning of timeous execution of remedial work where control is not being achieved.

B5.4 The programme shall be based on the quantities shown in the Bill of Quantities and Prices.

B5.5 In addition to the annual programme provided for in terms of B5.1, the Respondent shall submit daily working programmes to the Transnet Representative, 7 days in advance of the next working week, indicating the specific areas where the Respondent will be working each day of the week. Failure by the Respondent to submit a daily programme and/or deviating from it without notifying the Transnet Representative, preventing him/her from monitoring the Respondent's performance, may result in payment for such work being withheld.

B6. PERFORMANCE MONITORING AND EVALUATION

B6.1 The Respondent shall at all times be responsible for supervision of the work and for follow-up inspections to monitor the successful control achieved over areas of completed vegetation control. He/she shall immediately take appropriate remedial action in areas where the specified standards of control are not achieved.

B6.2 The Transnet Representative shall at any time during the operational periods carry out routine inspections of the Respondent's performance methods and procedures.

B6.3 The Transnet Representative shall, during the duration of the contract, carry out six official inspections of the work for the purpose of evaluating whether control, as defined, has been achieved and measuring progress.

The Transnet Representative will inform the Respondent 14 days in advance of the schedule of official inspections and will arrange the transport such, that adequate space and time is available for the purpose of the inspection.

The inspections shall be performed visually and the Respondent shall be present or forfeit

his/her right to dispute the measurements and evaluation of the Transnet Representative.

- B6.3.1 The 1st inspection will take place after completion of the entire contract area and will be evaluated on the specified level of control as described in B2.1 and B4.1.
- B6.3.2 The 2nd inspection will take place 8 months after commencement of the contract and will be evaluated on the specified level of control as described in B2.1 and B4.1.
- B6.3.3 The 3rd inspection will take place 11 months after commencement of the contract and will be evaluated on the specified level of control as described in B2.1 and B4.1.
- B6.3.4 The 4th inspection will take place 16 months after commencement of the contract and will be evaluated on the specified level of control as described in B2.1 and B4.1.
- B6.3.5 The 5th inspection will take place 20 months after commencement of the contract and will be evaluated on the specified level of control as described in B2.1 and B4.1.
- B6.3.6 The 6th inspection will take place 23 months after commencement of the contract and will be evaluated on the specified level of control as described in B2.1 and B4.1.
- B6.3.9 During each of these inspections the worklots treated will each be measured and evaluated. A worklot that does not comply with the specified level of control will be recorded as a "rejected worklot".
- B6.4 The rejection of worklot/s that do not comply with the standard of control will be final and valid for that inspection in that particular year.

The Respondent may contest the rejection by the Transnet Representative of work performance only at the time and place of rejection.

The rejection of worklots at a particular inspection shall remain final for that inspection for payment purposes, notwithstanding the fact that the Respondent may execute further remedial work in order to achieve control at further and final inspections.

- B6.5 In the case where the Transnet Representative and the Respondent fail to agree on whether a worklot/s has failed. The worklot/s shall be recorded as a "disputed worklot/s" and the Respondent shall prepare an appropriate record of all disputed worklot/s in order that such disputes may be resolved by way of the disputes resolution procedures.
- B6.6 The Project Manager reserves the right to forego any inspection by giving the Respondent written notice of his/her intention to do so. Should the Project Manager decide to forego any inspection, he/she would thereby indicate that he/she is satisfied with the standard of workmanship required for that specific inspection only. He/she would then make full payment to the Respondent to the value associated with that inspection.

The fact that the Project Manager may decide to forego any inspection at his/her discretion, does not imply that further inspections would not be carried out. It only implies that for that inspection, the Project Manager is satisfied with the control achieved and will not penalise the Respondent for that inspection.

B7. REMEDIAL WORK

- B7.1 The Respondent shall carry out remedial work to all worklots where control has not been achieved, prior to the official inspections in terms of clause B6 taking place. Such remedial work shall include the removal of dry or dead growth exceeding in height as specified. As well as any dry or dead growth forming a nuisance or hazard to Transnet Freight Rail Operations.

- B7.2 The Transnet Representative may, at any time after the first measurement order the Respondent to carry out remedial action, to commence within 2 weeks after being so ordered,. Prior to the commencement of this proposed remedial action an envisaged remedial work program must be submitted to the Transnet Representative for his/her approval. Failing to do so the Transnet Representative may arrange for such action to be carried out by others at the cost of the Respondent.

B8. DAMAGE TO FAUNA AND FLORA

- B8.1 The Respondent shall ensure that his/her employees at all times exercise care and consideration for the fauna and flora within and adjacent to the area to be treated.

The Respondent shall take the presence of drainage works within yards or depots into account and shall ensure that no water-borne movement of herbicides is possible.

- B8.2 The Respondent shall not apply any chemicals of an explosive, inflammable, highly volatile or corrosive nature, which may damage crops, vegetation, or property, or be hazardous to humans or animals. The Respondent shall assume full responsibility for the efficiency and safety of whatever chemicals are used.

- B8.3 Dumping or polluting of any kind will not be permitted. This stipulation is also applicable to the washing out of tanks and equipment containing harmful chemicals and pollutants. The Respondent shall institute and maintain procedures for the safe disposal of all chemicals and residual materials originating from the execution of the works.

Containers and residual material shall not be disposed of on Transnet Freight Rail property or as part of Transnet Freight Rail refuse.

- B8.4 The Respondent shall take particular note of environmentally sensitive areas and shall plan and execute his/her work with the utmost care and responsibility.

- B8.5 Burning will not be allowed under any circumstances as a means of control. The making of fires, for whatever purpose, on Transnet Freight Rail property is also strictly prohibited.

- B8.6 Certain protected plant species and desirable plants are not to be controlled or removed and this plant material will be identified by the Transnet Representative or his/her deputy, prior to the start of the Respondent's program.

B9. MEASUREMENT AND PAYMENT

- B9.1 Payment will be based on the numbers of worklots treated as instructed by the Transnet Representative and to which the Respondent successfully applied the vegetation control measures and has achieved the standard of control defined in clause B2.1 and B4.1.

- B9.2 No payment will be made for rejected worklots where control achieved does not meet the standards of control specified.

- B9.3 Measurement and payment for the work completed will be made in 6 stages as follows:

- B9.3.1 After completion of the initial treatment of the entire contract area the Transnet Representative or his/her deputy and the Respondent will measure the work performed (number of worklots treated). This measurement takes place in concurrence with the first official inspection in accordance with clause B6.3.1. The Respondent will thereafter receive payment at 40% of the rates tendered for all of the approved completed work (excluding rejected work).

At level crossings: after completion of the initial treatment of the entire contract area the

Transnet Representative or his/her deputy and the Respondent will measure the work performed (number of level crossing quadrants treated). This measurement takes place in concurrence with the first official inspection in accordance with clause B6.3.1. The Respondent will thereafter receive payment at 40% of the rates tendered for all of the approved completed work (excluding rejected work).

- ◆ *If at any time after the first measurement and payment, for the duration of the contract, the Respondent did not achieve the on-going results, as required per specified level crossing quadrant/s,*
- ◆ *it will be subject to a penalty of 50% of the next payment, irrespective whether control has been achieved at the specified level crossing quadrant/s at the time of inspection.*
- ◆ *This will be as per written site instructions to the Respondent, specifying what level crossing quadrant/s did not achieve the specified level of control between the inspections*

B9.3.2 A 2nd measurement and evaluation will be made concurrent with the 2nd official inspection conducted in accordance with clause B6.3.2. The Respondent will thereafter receive payment at 30% of the rates tendered for all worklots where control as specified has been achieved.

B9.3.3 A 3rd measurement and evaluation will be made concurrent with the 3rd official inspection conducted in accordance with clause B6.3.3. The Respondent will thereafter receive payment at 30% of the rates tendered for all worklots where control has been achieved.

B9.3.4 A 4th measurement and evaluation will be made concurrent with the 4th official inspection conducted in accordance with clause B6.3.4. The Respondent will thereafter receive payment at 40% of the rates tendered for all worklots where control has been achieved.

sign all documents and do all things as may be necessary to effect, record and perfect the assignment of the Foreground Intellectual Property to Transnet.

- e) Subject to anything contrary contained in the Agreement and/or the prior written consent of Transnet [which consent shall not be unreasonably withheld or delayed], the Service Provider shall under no circumstances be entitled as of right, or to claim the right, to use Transnet's Background Intellectual Property and/or Foreground Intellectual Property.

12.3 Title to Improvements

Any improvements, developments, adaptations and/or modifications to the Foreground Intellectual Property, and any and all new inventions or discoveries, based on or resulting from the use of Transnet's Background Intellectual Property and/or Confidential Information shall be exclusively owned by Transnet. The Service Provider shall disclose promptly to Transnet all such improvements, developments, adaptations and/or modifications, inventions or discoveries. The Service Provider hereby undertakes to sign all documents and do all things as may be necessary to effect, record and perfect the assignment of such improvements, developments, adaptations and/or modifications, inventions or discoveries to Transnet and the Service Provider shall reasonably assist Transnet in attaining, maintaining or documenting ownership and/or protection of the improved Foreground Intellectual Property.

12.4 Unauthorised Use of Confidential Information

The Service Provider shall not authorise any party to act on or use in any way any Confidential Information belonging to Transnet whether or not such party is aware of such Confidential Information, and shall promptly notify Transnet of the information if it becomes aware of any party so acting, and shall provide Transnet the information with such assistance as Transnet reasonably requires at Transnet's cost and expense, to prevent such third party from so acting.

12.5 Unauthorised Use of Intellectual Property

- a) The Service Provider agrees to notify Transnet in writing of any conflicting uses of, and applications of registrations of Patents, Designs and Trade Marks or any act of infringement, unfair competition or passing off involving the Intellectual Property of Transnet of which the Service Provider acquires knowledge and Transnet shall have the right, as its own option, to proceed against any party infringing its Intellectual Property.
- b) It shall be within the sole and absolute discretion of Transnet to determine what steps shall be taken against the infringer and the Service Provider shall co-operate fully with Transnet, at Transnet's cost, in whatever measure including legal action to bring any infringement of illegal use to an end.
- c) The Service Provider shall cooperate to provide Transnet promptly with all relevant ascertainable facts.
- d) If proceedings are commenced by Transnet alone, Transnet shall be responsible for all expenses but shall be entitled to all damages or other award arising out of such proceedings. If proceedings are commenced by both Parties, both Parties will be responsible for the expenses and both Parties shall be entitled to damages or other award arising out of proceedings.

13 SERVICE PROVIDER'S PERSONNEL

- 13.1 The Service Provider's Personnel shall be regarded at all times as employees, agents or Subcontractors of the Service Provider and no relationship of employer and employee shall arise between Transnet and any Service Provider Personnel under any circumstances regardless of the degree of supervision that may be exercised over the Personnel by Transnet.
- 13.2 The Service Provider warrants that all its Personnel will be entitled to work in South Africa or any other country in which the Services are to be performed.
- 13.3 The Service Provider will ensure that its Personnel comply with all reasonable requirements made known to the Service Provider by Transnet concerning conduct at any Transnet premises or any other premises upon which the Services are to be performed [including but not limited to security regulations, policy standards and codes of practice and health and safety requirements]. The Service Provider will ensure that such Personnel at all times act in a lawful and proper manner in accordance with these requirements.
- 13.4 Transnet reserves the right to refuse to admit or to remove from any premises occupied by or on behalf of it, any Service Provider Personnel whose admission or presence would, in the reasonable opinion of Transnet, be undesirable or who represents a threat to confidentiality or security or whose presence would be in breach of any rules and regulations governing Transnet's Personnel, provided that Transnet notifies the Service Provider of any such refusal [with reasons why]. The reasonable exclusion of any such individual from such premises shall not relieve the Service Provider from the performance of its obligations under the Agreement.
- 13.5 The Service Provider agrees to use all reasonable endeavours to ensure the continuity of its Personnel assigned to perform the Services. If any re-assignment by the Service Provider of those Personnel is necessary, or if Transnet advises that any such Personnel assigned are in any respect unsatisfactory, including where any such Personnel are, or are expected to be or have been absent for any period, then the Service Provider will promptly supply a replacement of equivalent calibre and experience, and any such replacement shall be approved by Transnet prior to commencing provision of the Services, such approval not to be unreasonably withheld or delayed.

14 LIMITATION OF LIABILITY

- 14.1 Neither Party excludes or limits liability to the other Party for:
- a) death or personal injury due to negligence; or
 - b) fraud.
- 14.2 The Service Provider shall indemnify and keep Transnet indemnified from and against liability for damage to any Transnet property [whether tangible or intangible] or any other loss, costs or damage suffered by Transnet to the extent that it results from any act of or omission by the Service Provider or its Personnel in connection with the Agreement. The Service Provider's liability arising out of this clause 14.2 shall be limited to a maximum amount payable in respect of any one occurrence or a series of related occurrences in a single calendar year, such amount to be agreed in writing by the Parties.
- 14.3 Subject always to clauses 14.1 and 14.2 above, the liability of either the Service Provider or Transnet under or in connection with the Agreement, whether for negligence, misrepresentation, breach of contract or otherwise, for direct loss or damage arising out of each Default or series of

related Defaults shall not exceed 100% [one hundred per cent] of the Fees paid under the schedule or Work Order to which the Default(s) relates.

- 14.4 Subject to clause 14.1 above, and except as provided in clauses 14.2 and 14.3 above, in no event shall either Party be liable to the other for indirect or consequential loss or damage or including indirect or consequential loss of profits, business, revenue, goodwill or anticipated savings of an indirect nature or loss or damage incurred by the other Party as a result of third party claims.
- 14.5 If for any reason the exclusion of liability in clause 14.4 above is void or unenforceable, either Party's total liability for all loss or damage under the Agreement shall be as provided in clause 14.3 above.
- 14.6 Nothing in this clause 14 shall be taken as limiting the liability of the Service Provider in respect of clause 12 [*Intellectual Property Rights*] or clause 16 [*Confidentiality*].

15 INSURANCES

- 15.1 Without limiting the liability of the Service Provider under the Agreement, the Service Provider shall take out insurance in respect of all risks for which it is prudent for the Service Provider to insure against, including any liability it may have as a result of its activities under the Agreement for theft, destruction, death or injury to any person and damage to property. The level of insurance will be kept under review by Transnet, on an annual basis, to ensure its adequacy, provided that any variation to the level of such insurance shall be entirely at the discretion of the Service Provider.
- 15.2 The Service Provider shall arrange insurance with reputable insurers and will produce to Transnet evidence of the existence of the policies on an annual basis within 30 [thirty] days after date of policy renewal.

16 CONFIDENTIALITY

- 16.1 The Parties hereby undertake the following, with regard to Confidential Information:
- a) not to divulge or disclose to any person whomsoever in any form or manner whatsoever, either directly or indirectly, any Confidential Information of the other, without the prior written consent of such other Party, other than when called upon to do so in accordance with a statute, or by a court having jurisdiction, or by any other duly authorised and empowered authority or official, in which event the Party concerned shall do what is reasonably possible to inform the other of such a demand and each shall assist the other in seeking appropriate relief or the instituting of a defensive action to protect the Confidential Information concerned;
 - b) not to use, exploit, permit the use of, directly or indirectly, or in any other manner whatsoever apply the Confidential Information, disclosed to it as a result of the Agreement, for any purpose whatsoever other than for the purpose for which it is disclosed or otherwise than in strict compliance with the provisions in the Agreement;
 - c) not to make any notes, sketches, drawings, photographs or copies of any kind of any part of the disclosed Confidential Information, without the prior written consent of such other Party, except when reasonably necessary for the purpose of the Agreement, in which case such copies shall be regarded as Confidential Information;

- d) not to de-compile, disassemble or reverse engineer any composition, compilation, concept application, item, component de-compilation, including software or hardware disclosed and shall not analyse any sample provided by Transnet, or otherwise determine the composition or structure or cause to permit these tasks to be carried out except in the performance of its obligations pursuant to the Agreement;
- e) not to exercise less care to safeguard Transnet Confidential Information than the Party exercises in safeguarding its own competitive, sensitive or Confidential Information;
- f) Confidential Information disclosed by either Party to the other or by either Party to any other party used by such Party in the performance of the Agreement, shall be dealt with as “restricted” or shall be dealt with according to any other appropriate level of confidentiality relevant to the nature of the information concerned, agreed between the Parties concerned and stipulated in writing for such information in such cases;
- g) the Parties shall not make or permit to be made by any other person subject to their control, any public statements or issue press releases or disclose Confidential Information with regard to any matter related to the Agreement unless written authorisation to do so has first been obtained from the Party first disclosing such information;
- h) each Party shall be entitled to disclose such aspects of Confidential Information as may be relevant to one or more technically qualified employees or consultants of the Party who are required in the course of their duties to receive the Confidential Information for the Permitted Purpose provided that the employee or consultant concerned has a legitimate interest therein, and this only to the extent necessary for the Permitted Purpose, and is informed by the Party of the confidential nature of the Confidential Information and the obligations of confidentiality to which such disclosure is subject and the Party shall ensure such employees or consultants honour such obligations;
- i) each Party shall notify the other Party of the name of each person or entity to whom any Confidential Information has been disclosed as soon as practicable after such disclosure;
- j) each Party shall ensure that any person or entity to which it discloses Confidential Information shall observe and perform all of the covenants the Party has accepted in the Agreement as if such person or entity has signed the Agreement. The Party disclosing the Confidential Information shall be responsible for any breach of the provisions of the Agreement by the person or entity; and
- k) each Party may by written notice to the other Party specify which of the Party’s employees, officers or agents are required to sign a non-disclosure undertaking.

16.2 The duties and obligations with regard to Confidential Information in this clause 16 shall not apply where:

- a) a Party can demonstrate that such information is already in the public domain or becomes available to the public through no breach of the Agreement by that Party, or its Personnel; or
- b) was rightfully in a Party’s possession prior to receipt from the other Party, as proven by the first-mentioned Party’s written records, without an infringement of an obligation or duty of confidentiality; or

- c) can be proved to have been rightfully received by a Party from a third party without a breach of a duty or obligation of confidentiality; or
- d) is independently developed by a Party as proven by its written records.

16.3 This clause 16 shall survive termination for any reason of the Agreement and shall remain in force and effect from the Commencement Date of the Agreement and 5 [five] years after the termination of the Agreement. Upon termination of the Agreement, all documentation furnished to the Service Provider by Transnet pursuant to the Agreement shall be returned to Transnet including, without limitation all corporate identity equipment including dies, blocks, labels, advertising matter, printing matter and the like.

17 TOTAL OR PARTIAL FAILURE TO PERFORM THE SCOPE OF SERVICES

Should the Service Provider fail or neglect to execute the work or to deliver any portion of the Service, as required by the terms of the Agreement or Work Order, Transnet may cancel the Agreement or Work Order in so far as it relates to the unexecuted work or rejected portion of the Service, and, in such event, the provision of any remaining commitment shall remain subject in all respects to these conditions.

18 TERM AND TERMINATION

18.1 Notwithstanding the date of signature hereof, the Commencement Date if the Agreement is [●] and the duration shall be for a 12 [twelve] month period, expiring on [●], unless:

- a) the Agreement is terminated by either Party in accordance with the provisions incorporated herein or in any schedules or annexures appended hereto, or otherwise in accordance with law or equity; or
- b) the Agreement is extended at Transnet's option for a further period to be agreed by the Parties.

18.2 Either Party may terminate the Agreement forthwith by notice in writing to the other Party where the other Party has committed a material Default and, where such Default is capable of remedy, has failed to remedy such Default within 30 [thirty] days of receiving notice specifying the Default and requiring its remedy.

18.3 Either Party may terminate the Agreement forthwith by notice in writing to the other Party when the other Party is unable to pay its debts as they fall due or commits any act or omission which would be an act of insolvency in terms of the Insolvency Act, 24 of 1936 [as may be amended from time to time], or if any action, application or proceeding is made with regard to it for:

- a) a voluntary arrangement or composition or reconstruction of its debts;
- b) its winding-up or dissolution;
- c) the appointment of a liquidator, trustee, receiver, administrative receiver or similar officer; or
- d) any similar action, application or proceeding in any jurisdiction to which it is subject.

18.4 Transnet may terminate the Agreement at any time within 2 [two] months of becoming aware of a change of control of the Service Provider by notice in writing to the Service Provider. For the purposes of this clause, "control" means the right to direct the affairs of a company whether by ownership of shares, membership of the board of directors, agreement or otherwise.

- 18.5 Transnet may cancel any schedule or Work Order hereto at any time on giving the Service Provider 30 [thirty] days' written notice.
- 18.6 Notwithstanding this clause 18, either Party may cancel the Agreement without cause by giving 30 [thirty] days prior written notice thereof to the other Party.

19 CONSEQUENCE OF TERMINATION

- 19.1 Termination in accordance with clause 18 [*Term and Termination*] shall not prejudice or affect any right of action or remedy which shall have accrued or shall thereafter accrue to either Party and all provisions which are to survive the Agreement or impliedly do so shall remain in force and in effect.
- 19.2 On termination of the Agreement or a Work Order, the Service Provider will immediately deliver up, and procure that its Personnel will immediately deliver up to Transnet, all Deliverables and property belonging to Transnet [or, in the event of termination of a Work Order, such as is relevant to that Work Order] which may be in the possession of, or under the control of the Service Provider, and certify to Transnet in writing that this has been done.
- 19.3 To the extent that any of the Deliverables and property referred to in clause 19.2 above are in electronic form and contained on non-detachable storage devices, the Service Provider will provide Transnet with unencrypted copies of the same on magnetic media and will irretrievably destroy and delete copies so held.
- 19.4 In the event that the Agreement is terminated by the Service Provider under clause 18.2 [*Term and Termination*], or in the event that a Work Order is terminated by Transnet under clause 18.5 [*Term and Termination*], Transnet will pay to the Service Provider all outstanding Fees [apportioned on a *pro rata* basis] relating to the work undertaken by the Service Provider up until the date of such termination. Transnet will also pay the costs of any goods and materials ordered by the Service Provider in relation to the such work for which the Service Provider has paid or is legally obliged to pay, in which case, on delivery of such goods or materials, the Service Provider will promptly deliver such goods and materials to Transnet or as it may direct.
- 19.5 The provisions of clauses 0 [*Definitions*], 6 [*Warranties*], 12 [*Intellectual Property Rights*], 14 [*Limitation of Liability*], 16 [*Confidentiality*], 19 [*Consequence of Termination*], 25 [*Dispute Resolution*] and 29 [*Governing Law*] shall survive termination or expiry of the Agreement.
- 19.6 If either Party [**the Defaulting Party**] commits a material breach of the Agreement and fails to remedy such breach within 30 [thirty] Business Days of written notice thereof, the other Party [hereinafter **the Aggrieved Party**], shall be entitled, in addition to any other rights and remedies that it may have in terms of the Agreement, to terminate the Agreement forthwith without any liability and without prejudice to any claims which the Aggrieved Party may have for damages against the Defaulting Party.
- 19.7 Should:
- the Service Provider effect or attempt to effect a compromise or composition with its creditors; or
 - either Party be provisionally or finally liquidated or placed under judicial management, whether provisionally or finally; or

- c) either Party cease or threaten to cease to carry on its normal line of business or default or threaten to default in the payment of its liabilities generally, or commit any act or omission which would be an act of insolvency in terms of the Insolvency Act, 24 of 1936 [as may be amended from time to time];

then the other Party shall be entitled, but not obliged, to terminate the Agreement on written notice, in which event such termination shall be without any liability and without prejudice to any claims which either Party may have for damages against the other.

20 ASSIGNMENT

Neither Party may assign the benefit of the Agreement or any interest hereunder except with the prior written consent of the other. Further, in the event that Transnet wishes to assign or novate the Agreement to any third party, the Service Provider agrees that it shall not unreasonably withhold or delay its consent to such assignment or novation and that it shall only be entitled to recover from Transnet any reasonable legal costs incurred by it as a direct result of such assignment or novation.

21 FORCE MAJEURE

21.1 Neither Party shall have any claim against the other Party arising from any failure or delay in the performance of any obligation of either Party under the Agreement caused by an act of *force majeure* such as acts of God, fire, flood, war, strike, lockout, industrial dispute, government action, laws or regulations, riots, terrorism or civil disturbance, defaults, delays or discontinuance on the part of independent contractors, suppliers, or other circumstances or factors beyond the reasonable control of either Party, and to the extent that the performance of obligations of either Party hereunder is delayed by virtue of the foregoing, any period stipulated for any such performance shall be reasonably extended.

21.2 Each Party will take all reasonable steps by whatever lawful means that are available, to resume full performance as soon as practicable and will seek agreement to modification of the relevant provisions of the Agreement in order to accommodate the new circumstances caused by the act of *force majeure*. If a Party fails to agree to such modifications proposed by the other Party within 90 [ninety] days of the act of *force majeure* first occurring, either Party may thereafter terminate the Agreement with immediate notice.

22 EQUALITY AND DIVERSITY

22.1 The Service Provider will not victimise, harass or discriminate against any employee of either Party to the Agreement or any applicant for employment with either Party to the Agreement due to their gender, race, disability, age, religious belief, sexual orientation or part-time status. This provision applies, but is not limited to employment, upgrading, work environment, demotion, transfer, recruitment, recruitment advertising, termination of employment, rates of pay or other forms of compensation and selection for training.

22.2 Both Parties to the Agreement undertake that they will not, and shall procure that its employees, agents and Subcontractors will not breach any applicable discrimination legislation and any amendments and re-enactments thereof.

23 NON-WAIVER

- 23.1 Failure or neglect by either Party, at any time, to enforce any of the provisions of the Agreement, shall not, in any manner, be construed to be a waiver of any of that Party's rights in that regard and in terms of the Agreement.
- 23.2 Such failure or neglect shall not, in any manner, affect the continued, unaltered validity of the Agreement, or prejudice the right of that Party to institute subsequent action.

24 PARTIAL INVALIDITY

If any provision of the Agreement shall be held to be invalid, illegal or unenforceable, or shall be required to be modified, the validity, legality and enforceability of the remaining provisions shall not be affected thereby.

25 DISPUTE RESOLUTION

- 25.1 Should any dispute of whatsoever nature arise between the Parties concerning the Agreement, the Parties shall try to resolve the dispute by negotiation within 10 [ten] Business Days of such dispute arising.
- 25.2 If the dispute has not been resolved by such negotiation, either of the Parties may refer the dispute to AFSA and notify the other Party accordingly, which proceedings shall be held in Johannesburg.
- 25.3 Such dispute shall be finally resolved in accordance with the rules of AFSA by an arbitrator or arbitrators appointed by AFSA.
- 25.4 This clause constitutes an irrevocable consent by the Parties to any proceedings in terms hereof, and neither of the Parties shall be entitled to withdraw from the provisions of this clause or claim at any such proceedings that it is not bound by this clause 25.
- 25.5 This clause 25 is severable from the rest of the Agreement and shall remain in effect even if the Agreement is terminated for any reason.
- 25.6 This clause 25 shall not preclude either Party from seeking urgent relief in a court of appropriate jurisdiction, where grounds for urgency exist.

26 ADDRESSES FOR NOTICES

- 26.1 The Parties to the Agreement select the physical addresses and facsimile numbers, as detailed hereafter, as their respective addresses for giving or sending any notice provided for or required in terms of the Agreement, provided that either Party shall be entitled to substitute such other address or facsimile number, as may be, by written notice to the other:

2 GENERAL

All Bid Documents and subsequent contracts and orders shall be subject to the following procedures as laid down by Transnet and are to be strictly adhered to by any person or enterprise or company responding to this RFX.

3 LODGING OF BID DOCUMENTS

- 3.1 A Bid, which shall hereinafter include reference to an RFP or RFQ, shall be lodged with Transnet no later than the closing date and time specified for the receipt thereof, in accordance with the directions issued with Bid Documents.
- 3.2 Bids shall be transmitted in a sealed envelope and placed in the tender box at a venue stipulated in the Bid Documents with the Bid number and subject endorsed on the left hand bottom corner of the envelope.
- 3.3 The Respondent's return address must be stated on the reverse side of the sealed envelope.

4 USE OF BID FORMS

- 4.1 Where special forms are issued by Transnet for the submission of Bids, Respondents are required to submit their Bids by completion of the appropriate sections on such official forms and not on office stationery bearing their own terms and conditions of contract; non-compliance with this conditions may result in the rejection of a Bid.
- 4.2 Respondents must note that the original Bid forms must be completed for submission and not a reprocessed facsimile thereof. Only if insufficient space has been allocated to a particular response

may a Respondent submit additional information under separate cover using the Company's letterhead and duly cross-referenced in the RFX.

5 RAISING OF A CHARGE FOR PLANS, SPECIFICATIONS AND BID FORMS

- 5.1 A non-refundable charge may be raised for Bid Documents, depending on the administrative cost of preparing and issuing the Bid Document.
- 5.2 If any of the drawings or specifications referred to in Bid Documents are the official publications of recognised standardising bodies, copies of such drawings and specifications shall be acquired by Respondents at their own expense.

6 DEFAULTS BY RESPONDENTS

- 6.1 If the Respondent, after it has been notified of the acceptance of its Bid fails to:
 - a) enter into a formal contract when called upon to do so in terms of clause 14 [*Contract Documents*], within such period as Transnet may specify; or
 - b) accept an order in terms of the Bid; or
 - c) when called upon to do so, furnish satisfactory security of the fulfilment of the contract in terms of clause 15 [*Securities*];

Transnet may, in any such case, without prejudice to any other legal remedy which it may have, proceed to accept any other Bid or, if it is necessary to do so, call for Bids afresh, and may recover from the defaulting Respondent any additional expense incurred by it in calling for new offers or in accepting a higher offer.

- 6.2 If any Respondent, who has submitted a Bid and/or concluded a contract with Transnet [hereinafter referred to as the **Service Provider**], or in the capacity of agent or subcontractor who has been associated with such Bid or contract:
 - a) has withdrawn such Bid after the advertised date and hour for the receipt of Bids; or
 - b) has, after having been notified of the acceptance of its Bid, failed or refused to sign a contract when called upon to do so in terms of any condition forming part of the Bid Documents; or
 - c) has carried out any contract resulting from such Bid in an unsatisfactory manner or has breached any condition of such contract; or
 - d) has offered, promised or given a bribe in relation to the obtaining or the execution of such contract; or
 - e) has acted in a fraudulent or improper manner or in bad faith towards Transnet or any government department or towards any public body, company or person; or
 - f) has made any incorrect statement in the affidavit or certificate referred to in clause 12 [*Formal Notification Regarding Name of Successful Respondent*] and is unable to prove to the satisfaction of Transnet that
 - (i) it made the statement in good faith honestly believing it to be correct; and

(ii) before making such statement, it took all reasonable steps to satisfy itself of its correctness; or

g) caused Transnet damage, or to incur costs in order to meet the Service Provider's requirements which could not be recovered from the Service Provider;

then a Bid from any such Respondent shall be disqualified and the person, enterprise or company [including any directors] shall, subject to clause 6.3 below, be disqualified from bidding for any Transnet business through its "blacklisting" process.

6.3 Any person or enterprise or company against whom a decision has been given under the provisions of clauses 6.2b), 6.2d) or 6.2e) above, may make representations to the Chief Operating Officer of Transnet Group, whose decision shall be final.

6.4 Any disqualification [Blacklisting] imposed upon any person or enterprise or company, may also apply to any other enterprise under the same or different names of disqualified persons or enterprise or company [or associates thereof] and shall for avoidance of doubt also be applied to any agent or employee of the person or enterprise or company concerned.

7 CURRENCY

Prices or fees must be quoted in the currency of the Republic of South Africa [ZAR] in respect of local Services. Prices or fees in any other currency may be rejected by Transnet save where such price is quoted by a foreign Respondent.

8 EXCHANGE AND REMITTANCE

The Respondent should note that where the whole or a portion of the contract or order value is to be remitted overseas, Transnet shall, if requested to do so by the Service Provider, effect payment overseas directly to the foreign principal or manufacturer of such percentage of the contract or order value as may be stipulated by the Respondent in its Bid Documents and any variation in the amount to be so paid, which may arise as a result of fluctuations in the rate of exchange involved, will be for the account of the Service Provider.

The Respondent who desires to avail itself of the aforementioned facility must at the time of bidding furnish the information called for in the clause "Exchange and Remittance" of the Bid Documents and also furnish full details of the principals or service providers to whom payment is to be made.

8.2 The Service Provider shall at its own cost obtain forward exchange cover on foreign currency to protect itself against any currency rate fluctuation risks for the duration of any resulting contract or order. Transnet will NOT accept any fluctuations in the rate of exchange at the time when payments are made.

Transnet will not recognise any claim for adjustment of the order and/or contract price under clause 8.2 above, if the increase in price arises after the date on which the Services were to be completed, as set out in the order and/or contract, or any subsequent agreement between the parties.

9 ACCEPTANCE OF BID

9.1 Transnet does not bind itself to accept the lowest or any Bid.

23.4 Before a visit is undertaken, such as envisaged in this clause 23, Transnet and the Respondent will agree in writing on the number of employees of Transnet that should undertake the visit and the number of man-days involved in the visit.

24 BIDS BY OR ON BEHALF OF FOREIGN RESPONDENTS

24.1 Bids submitted by foreign principals may be forwarded direct by the principals to the Secretary of the Acquisition Council or to a designated official of Transnet according to whichever officer is specified in the Bid Documents, or may be so forwarded on the principal's behalf by its South African representative or agent provided that written proof is submitted that such representative or agent has been duly authorised to act in that capacity by the principal. Failure to submit such authorisation by the representative or agent shall disqualify the Bid.

24.2 When legally authorised to prepare and submit Bids on behalf of their principals not domiciled in the Republic of South Africa, representatives or agents must compile the Bids in the names of such principals and sign them on behalf of the latter.

24.3 South African representatives or agents of a successful foreign Respondent must when so required enter into a formal contract in the name of their principals and must sign such contract on behalf of

the latter. In every such case a legal Power of Attorney from their principals must be furnished to Transnet by the South African representative or agents authorising them to enter into and sign such contract.

- c) On arrival within the Republic of South Africa this Power of Attorney is to be completed in terms of Section 8(2) of the Stamp Duties Act No. 77 of 1968, or any amendment thereof.
- d) If a Power of Attorney held by the South African representative or agent includes matters of a general nature besides provision for the entering into and signing of a contract with Transnet, a certified copy thereof should be furnished.
- e) The Power of Attorney must authorise the South African representative or agent to choose the *domicilium citandi et executandi* as provided for in clause 26 [Addresses for Notices] of the Standard Conditions of Contract, Form S & C - Services.

24.4 If payment is to be made in South Africa, the foreign Supplier [i.e. the principal, or its South African agent or representative], must notify Transnet in writing whether, for payment by electronic funds transfer [EFT]:
