2.7. DIRECT DELIVERY INTIMATES DELIVERY BEING EFFECTED TO THE ACTUAL POINT OF SUPPLY AND SHOULD THEREFORE INCLUDE ANY TRANSPORTATION MODE DEEMED NECESSARY IN EXECUTING THIS METHOD OF DELIVERY BASIS IN ORDER TO MEET THE REQUIRED DELIVERY DATE.

#### TAX CLEARANCE CERTIFICATES:

The Regulations in terms of the Public Finance Management Act, 1999: Framework for Supply Chain Management as published in Government Gazette No. 25767 dated 5 December 2003, Clause 9 (1) (d), stipulates that the accounting officer or accounting authority of an institution to which these regulations apply must reject any bid from a supplier who fails to provide written proof from the South African Revenue that the supplier either has no outstanding tax obligations or has made arrangements to meet outstanding tax obligations. Tenderers will be disqualified if a valid tax clearance certificate or written proof from the South African Revenue Service that supplier has made arrangements to meet outstanding tax obligations is not submitted with the tender.

#### BROAD BASED BLACK ECONOMIC EMPOWERMENT (BBBEE)

Transnet fully endorses and supports the Government's Broad-based Black Economic Empowerment Programme and it is strongly of the opinion that all South African Business Enterprises have an equal obligation to redress the imbalances of the past. Transnet will therefore prefer to do business with local business enterprises who share these same values. Transnet will endeavour to do business with local business enterprises that possess a BBBEE "recognition level" of at least a level 5. Transnet urges Tenderers (large enterprises and QSE's - see below) to have themselves accredited by any one of the various Accreditation Agencies available, who do their BBBEE ratings in accordance with the latest Codes (i.e. those promulgated on 9 February 2007) and whose names appear on the present ABVA (Association of BEE Verification Agencies) - "List of Full Members" as displayed on the ABVA website ([www.abva.co.za](http://www.abva.co.za)). Although no agencies have, as yet, been accredited by SANAS (SA National Accreditation System), Transnet will, in the interim, accept rating certificates of tenderers who have been verified by any of the listed agencies.

Enterprises will be rated by such agency based on the following:

1. Large Enterprises (i.e. annual turnover >R35million):  
Rating level based on all seven elements of the BBBEE scorecard.
2. Qualifying Small Enterprises - (QSE) (i.e. annual turnover >R5million but <R35million):  
Rating based on any four elements of the BBBEE scorecard.

NB:

3. Emerging Micro Enterprises - (EME) (i.e. annual turnover <R5m) are exempted from being rated/verified:  
Automatic rating of Level 4 BBBEE irrespective of race of ownership, i.e. 100% BBBEE recognition  
Black ownership >50% or Black Women ownership >30% automatically qualifies as Level 3 BBBEE, i.e. 110% BBBEE recognition  
EME's should provide certified documentary proof of annual turnover (i.e. audited financials) plus proof of Black ownership if Black ownership >50% or Black Women ownership >30% from the EME's Auditor/Accounting Officer.

4. In addition to the above, Tenderers who wish to enter into a Joint Venture or subcontract portions of the contract to BBBEE companies, must state in their tenders the percentage of the total contract value that will be allocated to such BBBEE companies, should they be successful in being awarded any business. A rating certificate in respect of such BBBEE JV-partners and / or sub-contractor/s, as well as a breakdown of the distribution of the aforementioned percentage must also be furnished

In view of the high emphasis which Transnet places on Broad-based Black Economic Empowerment, Transnet will allow certain preference points for BBBEE in the evaluation of all responses. Depending upon the value of the ensuing business award (i.e. below or in excess of R2m), the 80/20 or 90/10 point preference systems will be utilized where BBBEE will count out of 20 or 10 respectively in the evaluation process.

TRANSNET FREIGHT RAIL  
PROCUREMENT DEPARTMENT

**EACH RESPONDENT IS REQUIRED TO FURNISH PROOF OF THE ABOVE TO TRANSNET. FAILURE TO DO SO WILL RESULT IN A SCORE OF ZERO BEING ALLOCATED FOR BBEE.**

Turnover: Kindly indicate your company's annual turnover for the past year R \_\_\_\_\_

If annual turnover <R5m, please attach certified confirmation from your Auditor/Accounting Officer

If annual turnover >R5m please attach original or certified copy of accreditation certificate and detailed scorecard by an ABVA accreditation agency (registered as a "Full Member")

## PAYMENT TERMS

The following payment terms will apply as from 1 October 2008.

All suppliers will be paid 30 days from receipt of month end statement, i.e. payment term F055.

All CIDB suppliers will be paid 21 days from date of invoice, i.e. payment term F057.

## CONDITIONS:

This quotation is subject to the provisions of the Standard Terms and Conditions of Contract, Form US7, (Latest) and the General Tender Conditions, Form CSS5 (Latest) and any other standard or special conditions mentioned and/or embodied in the quotation request.

**V RELEVANT DOCUMENTATION APPLICABLE**

Where there is a conflict between the SPECIFICATION and SCHEDULE OF REQUIREMENT DOCUMENT, the SCHEDULE OF REQUIREMENT DOCUMENT takes precedence.

The equipment must comply with the latest issue of the following applicable specifications:

<b>DOCUMENT NO.</b>	<b>DESCRIPTION</b>	<b>LOCATION</b>
ISO 9000	Quality Management Systems	External
ETSI EN 300 086	European Telecommunication Standards for Radios	External
BS3939	British Department of Trade and Industry Specification:	External
MPT 1317	Code of Practice for Transmission of Digital Information over Land Mobile Radio Systems	External
MPT 1327	A signalling Standard for Trunk Private Mobile Radio Systems	External
MPT 1343	System Interface Specification for Radio Units to be used with Commercial Trunk Networks	External
BBD8635	Technical specifications and methods of measurement for angle modulated equipment	Internal

PREVIEW COPY

## 1. INTRODUCTION

Transnet Freight Rail utilise portable conventional and /or trunk / conventional UHF radio equipment to control shunting movements.

## 2. SCOPE

- 2.1. This specification is for the supply of the above radio equipment and accessories as per attached Schedule of Requirements (Appendix A).
- 2.2. It is envisaged that equipment for this enquiry will be ordered and supplied to Freight Rail's nominated address during the period \_\_\_\_\_

## 3. COMPLIANCE

- 3.1. Tenderers shall submit their main offers in terms of this specification, and shall indicate in their proposal document the compliance to this specification.
- 3.2. Alternative offers, will be considered at Freight Rail's discretion, provided that such offers provide equivalent functionality to that specified in this document. Separate compliance documents must be completed for each alternative offer

## 4. TENDER REQUIREMENTS

ITEM	DESCRIPTION	Comply Y / N	REMARKS
4.1	Tenderers shall submit a clause-by-clause statement of compliance for this <b>Specification</b> in the columns provided. Failure to comply will exclude Tenderers from consideration.		
4.2	Tenderers shall submit a clause-by-clause statement of compliance for equipment / items offered on the attached <b>Schedule of Requirements (Appendix A)</b> in the columns provided. Failure to comply will exclude Tenderers from consideration.		
4.3	Tenderers shall complete the attached <b>Cost Schedule (Appendix B)</b> for equipment. Tenderers will be excluded from supplying any items not priced.		
4.4	Freight Rail will carry out all programming and installation of the supplied equipment.		
4.5	Make and model offered must be indicated next to each item on the schedule of requirements		
4.6	Technical specifications for items offered must be submitted		
4.7	Warranty period, terms and conditions to be indicated. (courier costs, turn – around time for repairs, etc)		
4.8	Birth date of radio (when was it released into the market)		
4.9	Date expected to be withdrawn (replaced, superseded) from the market.		
4.10	Spares and technical support must be readily available locally for a period of at least seven years from date of purchase.		
4.11	Tenderer must be equipped to carry out warranty repairs and technical support on own premises		
4.12	<b>Delivery period will be a deciding factor as radios are required urgently.</b>		
4.13	This document must be read in conjunction with document BBD8635		

## 5. GENERAL REQUIREMENTS

ITEM	DESCRIPTION	Comply Y/N	REMARKS
5.1	The radios must be ICASA type approved, certificates to be submitted		
5.2	The radios must be Transnet Freight Rail type approved as per document BBD8635.		
5.2.1	Radios that comply with document BBD8635, but not yet Transnet evaluated, must be submitted to the Transnet national test centre prior to, or, within one week after tender closure at 2 Foley St. Factoria, Krugersdorp, Gauteng, attention Pierre du Plessis 011 774 8227.		
5.2.2	All programming software, accessories, test interface box / cables, service manuals, ICASA certificate, etc. must accompany the radio when being evaluated. Refer to document BBD8635, for requirements		
5.3	The handheld radio RF output power must be software selectable between 1 and 4 watts.		
5.4	The receiver loudspeaker must comply with a sound pressure level equal to or better than 90dB (A) at 300mm. Refer to document BBD8635 for test method		
5.5	The transmitter deviation must be equal to or better than 1.4Khz from a sound pressure level of 80dB (A) at the microphone. Refer to document BBD8635 for test method		
5.6	Radios must be capable of handling a frequency switching bandwidth of 15 MHz on both transmit and receive between channels with no degradation.		
5.7	Radio must be capable of a minimum of 124 scan groups with a minimum of 5 channels per scan group in the conventional mode		
5.8	The selection between trunk and conventional modes must be easily selectable.		
5.9	Radios must be programmable in the 400 – 470 Mhz band without signal degradation nor component or board changes		
5.10	Radio must operate with 12.5Khz channel spacing		
5.11	Radios must be IP67 compliant		
5.12	Radio must be of robust construction		

ITEM	DESCRIPTION	Comply Y/N	REMARKS
5.13	Battery capacity must be capable of sustaining an 8 hour, 20, 20, 60 duty cycle, shift. (Tx, Rx, Standby)		
5.14	Standard conventional Portables must have a minimum of 132 channels		
5.15	Trunk portables must have a minimum of 260 conventional channels		
5.16	Radio display must be visible in sun light		
5.17	Radio display must be back lit for night operation		
5.18	Radio display must have a minimum of twelve alpha numeric characters		
5.19	It must be possible to assign a alpha -- numeric label to each conventional channel		
5.20	Radio key pad must have automatic lock - out facility after a channel has been selected		
5.21	Rotary channel selector switch must be able to be disabled with software.		
5.22	Trunk radio must operate in accordance with MPT 1327 and MPT 1343 specifications.		
5.23	Trunk portables must be compatible with the Transnet trunk network		
5.24	Programming software must be Microsoft Windows compatible.		
5.25	Programming software must be on CD-ROM		
5.26	Service manuals must be in English		
5.27	Service manuals must be available on CD-Rom		
5.28	Hard copy service manuals must be original or of the same standard as the original, if required		

**6. TRAINING**

<b>ITEM</b>	<b>DESCRIPTION</b>	<b>Comply Y / N</b>	<b>REMARKS</b>
6.1	Training required on products will be indicated in the schedule of requirements		
6.2	Tenderers must be in a position to provide training on all products offered		

“PREVIEW COPY ONLY”

**APPENDIX A: SCHEDULE OF REQUIREMENTS**

**SCHEDULE OF REQUIREMENTS FOR UHF TRUNK / CONVENTIONAL PORTABLE RADIOS WITH ACCESSORIES**

- Tenders are invited in respect of the following Schedule of Requirements.
- Tenderers must indicate compliance with each item and indicate make and model being offered.
- Alternate offers must be indicated on separate documents

ITEM	DESCRIPTION	COMPLY YES/ NO / N/A	MAKE	MODEL
1	UHF, (400 – 470Mhz band) Full feature, MPT 1327 Trunk Portable radio, with a minimum of 260 conventional 12,5khz channels, capable of a minimum of 120 scan groups with a minimum of 5 channels per group. Complete with antenna and high capacity battery capable of sustaining a 20 - 20 - 60 duty cycle for an 8 hour shift. <b>Must comply with attached Specification and document BBD8635.</b>			
1.1	High capacity Battery to fit item 1, capable of sustaining a 20 - 20 - 60 duty cycle for a 8 hour shift (Tx, Rx, Standby)			
1.2	Single bay rapid rate Charger for item 1. Provision must be made for a standard 3 pin mains adaptor if charger has a two pin mains plug			
1.3	Leather carry bag for item 1 with shoulder strap			
2	Programming software for item 1			
3	Programming hardware: Leads and adaptors for item 1			
4	Set of workshop manual/ technical handbook for item 1. Windows compatible on CD ROM			
5	Training:- If required, For programming and repair			
5.1	Training for 10 Personnel at suppliers premises			
5.2	Training for 10 Personnel at Transnet premises in Johannesburg			

**APPENDIX B & C: BILL OF QUANTITIES AND COST SCHEDULE**

Indicate the cost per unit for the quantities indicated in the respective columns

Quantities will be determined at time of adjudication

ITEM	DESCRIPTION	QTY	QTY 101 -300	QTY 301 - 400	QTY 401 - 500	QTY 501 - 600
1	UHF, (400 – 470Mhz band) Full feature, MPT 1327 Trunk Portable radio, with a minimum of 260 conventional 12,5khz channels and capable of a minimum of 120 scan groups with a minimum of 5 channels per group. Complete with battery and quarter wave flexible whip antenna to cover the 455 to 465 mhz band. <b>Must comply with attached Specification and document BBD8635.</b>					N/A
1.1	High capacity Battery to fit item 1, capable of sustaining a 20 - 20 - 60 duty cycle for a 8 hour shift. (Tx, Rx, Standby)					N/A
1.2	Single bay rapid rate Charger for item 1. Provision must be made for a standard 3 pin mains adaptor if charger has a two pin mains plug					N/A
1.3	Leather carry bag for item 1 with shoulder strap					N/A
2	Programming software for item 1	5				N/A
3	Programming Accessories: Leads and adaptors for item1	5				N/A
4	Set of workshop manual/ technical handbook for item 1 on CD ROM	5				N/A
5	Training:- If required, For programming and repair					N/A
